Dear Parent/Guardian

I am delighted to let you know that this year your child will be given the opportunity to register their interest in the National Citizen Service (NCS) summer 2018 programme - an exciting, unique opportunity which connects young people from different backgrounds across Hampshire, builds confidence and inspires them to make a positive impact in their local area.

Personal Best Education (Mountbatten School Services Ltd) is the local provider of NCS, a government-funded programme. We deliver a part-residential programme which consists of four parts taking place over 3 phases, Monday to Friday, after exams in the summer.

Why do NCS?

- Young people meet a network of amazing people
- It boosts employability skills
- It makes students CV's and UCAS statements stand out
- Young people can access future opportunities from top employers
- Young people face new challenges and learn a variety of skills
- Gives young people a chance to get their voice heard!

Is it for my young person?

In one word – YES! NCS is a chance for 15 to 17-year-olds* to come together and achieve amazing things. Let's face it – life's too short to be stuck indoors. So why not kick-start their future with a summer they will never forget! Thanks to government backing, the most you'll ever pay for this unbeatable experience is £50, but this cost could be less or even free depending on your circumstances. **If you sign up before Christmas you will get this fantastic opportunity for £35.** This provides you with transport (from our designated drop off and pick up point), food and accommodation during phases 1 and 2, plus you even get a free sleeping bag, t-shirt and hoodie!

The Programme:

The programme takes place in the summer holidays over 3 or 4 consecutive weeks.

Phase 1: Young people will experience the freedom of being away from home with new friends and get the chance to take part in adrenaline-fueled activities like: coasteering, surfing, total wipeout assault course and high ropes.

Phase 2: During phase two young people stay away from home at a local activity centre. They will take part in a different workshop each day in areas such as: media, sport, performing arts, design and carpentry.

Phase 3: Young people now get the chance to put all the skills and experiences developed in phases 1 and 2 into practice as a team, agreeing on a social action project that will make a difference to their local area.

Graduation: It's time to celebrate in style. We think it's only right that young people and their team should enjoy a well-earned reward for doing something truly inspirational in their community.

When can we take part in NCS?
