

Welcome to Art & Design

In year 7 art lessons you will develop skills using different types of art materials. You will improve your drawing and shading techniques using tone from pencil, biro and coloured pencil. Develop painting skills using watercolour and even do some claywork.

You will have one lesson a week and will be set Art homework every 2 weeks. It doesn't matter if you feel that you are not very good at art as it is our job to help you improve.

We look forwards to meeting you all in September

Mr Edmond

Art and Design teacher
(Shakespeare campus) &
Assistant Achievement
Leader for PCA Faculty

Specialism

Art Summer Challenge

Over the Summer holiday we would like you to attempt the following challenge;

Design a Logo for your favourite subject. Maybe you could do some research into other logo designs before you start. You can include images and words if you want to and it can be in colour or just pencil.

Email a photo of your design to Mr Edmond ross.edmond@crestwood.hants.sch.uk and we will award you some Class Chart points - you can start the year with points on the board!
