## Why we share school workforce information

We do not share information about our workforce members with anyone without consent unless the law and our policies allow us to do so.

The local authority share information about school employees with the Department for Education on a statutory basis. This data sharing informs departmental policy on pay and the monitoring of the effectiveness and diversity of the school workforce, links to school funding and expenditure and supports long term research and monitoring of educational policy.

We are required to share information about our school employees with our local authority under regulation 5 of the Education (Supply of Information about the School Workforce) (No 2) (England) Regulations 2007 (as amended). Our Local Authority has a duty to provide the Department of Education with the information about our school employees under regulation 6 of the Education (Supply of Information about the School Workforce) (No 2) (England) Regulations 2007.

To find out more about the data collection requirements placed on the local authority by the Department for Education including the data that we share with them, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

The Department may share information about school employees with third parties who promote the education or well-being of children or the effective deployment of school staff in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure that the confidentiality of personal data is maintained and there are stringent controls in place regarding access to it and its use. Decisions on whether DfE releases personal data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested; and
- the arrangements in place to securely store and handle the data

To be granted access to school workforce information, organisations must comply with its strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
